I. W. McELWEE, ASST. TREAS. & SEC.

Philadelphia, 7th 1891

My dear Sam:

Intended writing you yesterday immediately after I telegraphed you that I had mailed twenty thousand dollars more to San Francisco but was so busy up to 5 O. C. that I could not do so, and then had to see Mamma off to the Boat for last train to Absecon - and then to Media. Mamma came up here days ago to stay with Nana when her nurse left. But as it was thought best to engage another ^{Mamma} ~~one~~ was left free to go with me to Lake George where I met Stanton on Friday 31st and we had a very satisfactory interview with Mr. Burnham & set to W.C. that night and we remained until Saturday 1st and reaching Media at midnight - I am just receipt of a telegram from Stanton from Hartford saying he expects to see me here ^{soon} on his way to Tombstone taking his sister with him. I trust that she and her mother will learn to be "the best" - so that I will be the more fully settled there for his value to our Co. nearly becomes the more evident.

John is still here having just ret'd from Fla. where he spent a week on sponge Co. business. He goes west on same for another week and expects to return to Florida Sep. 8th. He is arranging to increase his capital to \$25,000. All at Media are as well as usual and deared me this morning to send their love to you - as I reported for letter rec'd yesterday. Your aunt Edith Ann is quite feeble but she expects to start to Astbury Park with some friends today for a stay of a couple of weeks with Emma Brodhead who has a nice house there - and who always when I see her asks after "my boy Sammy".

Ed. and family are now at Abbeconier Penn. who made his visits up here early as to have as much time with Ed. at Abbeconier as possible to prepare for fall examination in "conditioned" branches. Doubt if he ever sees Edith and children are still there. Will coming over every week to stay over Sunday - all well and happy when John came up from there yesterday morning. I hope to get down to stay there over next Sunday as I want to start to S. F. Monday so that I don't now know anything to present unless that wretched Hater Co. starts up again. There seems to be a lull so far as their motion goes. Sure they are waiting for us to "come down" how the price filled - Anna is doing nicely only she gains strength so slowly and remains so weak. But the boy is grand. I make this good mile on business later - writes M. G.
